## Mission Statement

We aim to be a successful learning community:

- 
- By having a commitment to excellence.
  - By having respect for others and ourselves.
  - By providing a learning environment that is safe, stimulating and motivates our children's capacity to learn and make progress.
  - By understanding and celebrating everyone's uniqueness.
  - By encouraging our children to be enthusiastic, life long learners.
  - Where friendship and enjoyment are experienced by all and a welcome is offered to all who visit.
  - Where all our children have a once in a lifetime experience everyday.
